The charm of Chianti - Organic winery, located in the hills of Chianti Classico. From the ruins of an ancient castle, expertly restored, rises this village with 135 hectares, which includes 33 hectares of vineyards. The property includes the 1300m² main house, 3 apartments, offices, tasting rooms and over 2000m² of underground cellar with colonnades, arches and vaulted ceilings, an enchanting combination of modern engineering and history. During the renovation, all the typical characteristics of the Tuscan countryside were maintained, rough stone facades overlooking a courtyard, here it is possible to see the ancient walls of the castle, and the interiors embellished with a rustic style with high ceilings with wooden beams and exposed terracotta tiles, stone walls, brick arches and wood-burning fireplaces. The company, which has received organic certification since 2012, has an annual wine production of approximately 120,000 bottles, with a potential capacity of 200,000 bottles. The wines produced have been particularly known and appreciated on the foreign market since the 1980s. Chianti Classico DOP is produced for 15.6 hectares and Toscana IGT for 17.6 hectares, the varieties produced are Sangiovese, Merlot, Petit Verdot, Cabernet Sauvignon, Sauvignon Blanc, Chardonnay.
